

Form PAC02

Request Amendments to an Existing Course

It is a requirement of QQI's QA Guidelines, that ETBs must have oversight of, and programme approval mechanisms for, courses delivered across all centres. This form facilitates that oversight, and allows the WWETB QA Steering Group and Programme Approval Committee to make transparent, criteria-based decisions with respect to all applications for approval of new courses.

Notes for Completion of the Form

When should this form be used?

- This form (PAC02 Request Amendments to an Existing Course) should be used by WWETB centres when they require the addition of new module(s) to an existing programme. **Please note: Additional modules can only be added to the "Remaining Credit Value" section of a Programme Descriptor and only in the following conditions;**
 1. This programme module has been validated by QQI for use by this provider
 2. The programme module is appropriate to the purpose of the major award
 3. By adding the programme module/s it constitutes a change of less than 20% of the original overall programme
 4. The provider approves, notifies and agrees this change with QQI prior to delivery of the amended programme

Please note: requests that are of a technical nature can be approved by the WWETB QA Steering Group

- This form (PAC02 Request Amendments to an Existing Course) should be used by WWETB centres when the course is an amendment of an existing course, where the changed module(s) result in a changed **vocational** emphasis for the course (e.g. in Business Studies 5M2102, swapping Medical Terminology 5N2428 for Advertising 5N0748, leads to a significantly different course).

Please note: where the requested amendments result in a significant change to the vocational focus of the course the request may need approval from the WWETB Programme Approval Committee.

When should this form not be used?

This form does not need to be used when:

- Minor changes which do not affect the vocational area, such as exchanging Personal Effectiveness 3N0565 for Personal & Interpersonal Skills 3N0564, **do not need approval from the Programme Approval Committee, as long as the course structure remains valid. Please contact the QA Team to confirm if needed.**

Please contact alanogorman@wwetb.ie if you have any queries regarding approval for course delivery.
