ART CRAFT DESIGN COURSE

"I came from a socially disadvantaged background, leaving school with no qualifications and now I enjoy teaching Art at 3rd level all down to taking that first step into the PLC and trusting the encouraging staff at Selskar College."

Jonathan Breen

PRE-3rd LEVEL COURSE

"The College had a great atmosphere and the lecturers were extremely supportive and approachable. The Pre-3rd Level course prepared me for the academic writing, presentation, research and communication skills required for college. I would highly recommend this course to anyone thinking about entering third level education. "

Fiona Keane

Applied Social Studies

"As a mature student I was extremely nervous, it had been an age since experiencing a learning environment. I shouldn't have been. All the tutors were amazing and extremely encouraging."

Ita Grattan

Art Craft Design

"I always loved art, but did not have the confidence to study it in secondary school. My year in Selskar College was inspirational, one of the best years of my life. I went on to study at 3rd level and graduated with a BA (Hons.) in Fine Art."

Joanne Donnelly

Art Craft Design

"I was nervous starting because it hadn't studied in 35 years but that didn't matter, there were no presumptions made about what I should be able to do, but there was plenty of help when I found it hard understanding something."

Sadhbh Roche

Applied Social Studies

The course covered wide and interesting topics. I felt supported and encouraged. I would highly recommend this college to anyone, particularly mature students who may feel hesitant about returning to education."

Vladlena Bukovska

Healthcare Support

"Excellent course regardless of your end goal; equally good for third level progression or employment.

Allowed me to pursue my dream of becoming a nurse. Great staff, kind and understanding. Can't recommend highly enough."

Sandra Ryan

Art Craft Design

"Returning to education as a mature student was a life changing decision for me. It gave me renewed self-confidence, boosted my self-esteem and provided a great stepping stone for my future studies. "

STUDENT TESTIMONIAL

Oonagh Latchford

"I had always made art - but other than school, I had no formal training. I returned to education as a mature student and the PLC was a great option for me, as with a very young family, I was not convinced that the commitment of a degree course was a viable option.

The guidance, tuition and encouragement I received in Selskar convinced me that it was. I thoroughly enjoyed every minute of the PLC course and it ignited in me a desire to study further - and gave me the confidence to do so. Following the course, I went on to gain a BA (hons) in Art. I now work as a full-time visual artist."

Ciaran Bowen

"Before I started the art course at WWETB I knew I wanted to pursue a career in art but at the time didn't know what the right path for me was. In the course the tutors offered continuous support and advice that was highly beneficial. My time there really gave me the foundation and necessary tools to help me to progress into 3rd level and further. I have to say looking back the course was informative and to say it was an excellent decision for me."
